Further Information

If you wish to obtain further information regarding any of our products, simply call 0845 600 4918 and our experienced Customer Team will be pleased to help you.

Leisure Consumer Products continuously seeks improvements in specification, design and production of products and thus alterations take place periodically. Whilst every effort is made to produce up-to-date literature this brochure should not be regarded as an infallible guide to current specification, nor does it constitute an offer for the sale of any particular appliance. Depth excludes any protruding features such as handles, knobs and bowed doors.

Love Food Love Leisure

Since its beginnings over 230 years ago in Warwickshire, Leisure has been synonymous with innovation. The most significant development resulting from this pioneering spirit was the introduction of the first ever range cooker in 1883. Ever since, the tradition has been maintained through our continuous search for new and better ways of doing things.

To ensure the highest quality in the design, materials and construction of our cookers, we remain true to our core values of craftsmanship and uncompromising performance. Exhaustive attention to detail is coupled with the benefits of modern manufacturing techniques, whilst our state-of-the-art production facility meets exacting standards of quality control. All of which ensure that the cooker you choose has the many advantages of the hand-built originals.

Leisure Range cookers are designed to meet the needs of the most discerning customers, combining stylish good looks with durability, reliability and affordability.

Being a part of one of the world's largest manufacturing organisations of consumer products, Leisure delivers a complete customer care service.

In addition, every Leisure product carries the CE mark to indicate its compliance with European Union directives and it safety has been tested and approved by official UK laboratories.

Leisure cookers offer a choice of traditional or contemporary designs to fit into any style of kitchen, providing an eye-catching focus of outstanding quality.

Flame Safety Device

All Leisure gas and dual fuel models have a Flame Safety Device fitted as standard (FSD). This device senses when the gas flame has gone out and automatically cuts off the gas. In this way, it makes the gas hob and cooker safer by preventing the accumulation of gas and its ignition from many possible sources in any kitchen.

The Perfect Cooking Companion

We have carefully developed a choice of Leisure range cookers to meet a range of individual tastes and cooking styles. Today people with busy lives demand cookers that are simple and easy to use but also practical and easy to maintain. It includes people for whom cooking is both a passion and a pleasure and who expect their cooker to be packed with features and benefits. Professional chefs who have a need for total performance and reliability can rely on these high quality cookers.

Leisure range cookers fit a wide spectrum of kitchen layouts, offering a choice of complimentary designs – from traditional to contemporary range cookers to suit just about every home from small apartments to spacious town houses or a country residence.

The kitchen is increasingly the hub of the home around which all other activities are carried out. The cooker is undoubtedly the centre of the kitchen both visually and practically. Leisure range cookers provide a centre-piece of outstanding performance and uncompromising quality - the perfect cooking companion for many, many years to come.

Making it Simple

Leisure range cookers are available in electric, gas or dual fuel options, whichever you choose you'll find an impressive array of features, all designed to enhance your cooking enjoyment.

Double Oven

The best of both worlds. Allows you to cook economically in the smaller top oven or to produce family-sized meals in the main oven - either separately or together.

Cook Clean Catalytic Liners

Cook clean catalytic liners clean themselves of cooking spillages during high temperature cooking programmes.

Multifunction Oven

A great choice for anyone serious about cooking, for control and flexibility.

The cook's choice – you tell the

oven when to start cooking and

for how long – the oven takes

care of things from there.

Programmable Oven

Ideal for cooking a traditional breakfast or a healthy fish dish

Triple Oven

Three ovens for maximum flexibility

Clock and Minute Minder

Displays the time and reminds you when the cooking is done.

Interior Light

Makes checking progress simpler without needing to open the door.

Cooking Zone

An extended dual circuit hotplate for extra cooking space

Wok Burner

A specially shaped pan support and high output gas burner, ideal for Chinese and Asian cooking.

Digital Timer

Easy to use timer with symbol and function display, including a 'key lock' feature, adjustable display light, tone and acoustic signal.

Handyrack

Dual Element

The easy access solution to oven roasting. The roasting tin is supported on a special frame on the oven door.

The economical choice – you select the

heating area to suit the size of pan being

inner heating element for smaller pans.

used – whole heating area for larger pans,

All Leisure fan ovens are 'A' energy rated.

Telescopic Shelf System

For safe, easy reach when basting or serving dishes.

Conventional Oven

Energy efficiency rating from 'A' to 'B'.

Cast Iron Pan Supports

Good-looking and durable for hob cooking.

Main Oven

All Leisure main ovens are 'A' energy rated.

Fan Oven

Fan cooking is extremely economical and effective with reduced cooking times and temperatures. Even heat distribution allows you to cook on more than one level.

Performance

'A' rated main and tall oven, 'B' rated top oven and grill.

Warming Zone

helping to keep dishes warm prior to serving.

The perfect support for the busy cook,

Love Food Love Range 60

With a large oven capacity for a 60cm traditional range cooker, the Range 60 is the big cooker for small spaces. Combining the aesthetic appeal of authentic traditional styling with an array of modern functions, its chunky doors, curvaceous splashback, chrome handles and cast iron pan supports exude strength, whilst its range of features rival those of its bigger brothers. Small but beautifully formed, the Range 60 adds a touch of class to kitchens with limited floorspace and is equally at home in traditional or contemporary environments.

Love Food, Love Range 60 Features

High gloss cast iron pan supports

Dishwasher-proof, attractive and durable solution for hob cooking. Push button burner ignition with Flame Safety Device on all gas models

Chrome knobs and handles Stylish design with a solid finish

and a traditional look

Programmable oven and slow cook facility Fully programmable family size main oven (45 litres). Slow Cook facility enables cooking at low

temperatures

Griddle

Gives a chargrill finish to meat, fish and vegetables. Ideal for traditional breakfasts and healthy dishes. Easy to clean and dishwasher proof

Handyrack

The easy access solution for oven roasting. A removable roasting tin is supported on a special frame on the oven door. (Gas models only.)

Large capacity top oven with grill

A separate compartment ideal for traditional grilling or for use as an oven

Splashback

Detachable splashback supplied as standard

Side panels with catalytic liners

For self cleaning during high temperature cooking programmes

Love Food Love Range 90

One of the most functional and efficient 90cm ranges on the market, Leisure Range 90 cookers combine modern performance with unique style. All types of cooking methods can be used thanks to a wide range of conventional and fan cooking functions, traditional and fan-assisted grilling, top and bottom elements and defrosting. These together with its easy-clean finish, safety features and quality build make this triple oven range cooker the ideal choice for today's busy households.

Choose between a traditional design for a heritage style "fit, feel and finish" or a contemporary style for a perfect addition to any modern kitchen.

All of the Leisure Range 90 models are endorsed by the Good Housekeeping Institute, having passed rigorous assessment tests for performance, ease of use, design and instructions.
